***This Christmas Season All Roads Lead to
Titanic Museum Attraction's Great Light Way
More Than 1,500 Glowing Luminaries to Create
Christmas Magic On the All New Corner of HWY 76
and Gretna Road Thanksgiving Weekend.***

Branson, Missouri - For the last three years, the **Titanic Museum Attraction** has ushered in the holiday season with an enchanting, *Luminarie's Festival of Lights* display. This year, by popular request, this *Great Light Way* will once again guide guests and visitors along a candle lit path leading to the museum attraction's main entrance and the magical family adventure that awaits inside.

“The lighting of luminaries have been a glowing, ceremonial way of welcoming the Christ Child into the world.” says **Titanic Museum Attraction** President/COO & Co-Owner, Mary Kellogg. “Our luminaries continue this welcoming tradition and also serve as a spiritual tribute the 2,208 men, women and children who sailed on the *RMS Titanic*.”

With the beautification of Highway 76 complete, the **Titanic Museum Attraction's** luminaries are certain to add inviting sparkle and shine to Titanic's new gateway corner at HWY 76 and Gretna Road. Visitors to the famed ship-shaped attraction will find exciting, outdoor photo opportunities as they follow the Great Light Way past a giant iceberg to the ship's entrance. Here they can purchase tickets and join the special yuletide festivities underway throughout the ship.

“Once on board, guests will experience Christmas as it might have been celebrated on *Titanic* in 1912,” explains Kellogg. “ In keeping with tradition, a lavish, turn-of-the-century, holiday look - both inside and outside the ship – has been created. The Titanic crew and I can’t wait to share it with one and all. So plan ahead and pick a date to be part of a new season of joyful thanksgiving at the **Titanic Museum Attraction.**”
